

### Save your cash!

Buy the equipment you need to maximize productivity by financing with low monthly payments.

### We make financing easy

#### LOW RATES

Because we specialize in manufacturing equipment, we can offer better rates than most banks and finance companies.

#### FAST & SIMPLE

In most cases we can approve you with a five-minute credit application. The paperwork is simple too!

#### SMART

All we finance are machine tools and manufacturing equipment. Dealing with someone who understands and knows your business saves you time and money.

### THE NEW LEADER IN MACHINE TOOL FINANCING

Call Intech for a quick finance quote on your next machine!

## Buy now before tax incentives go away!

50% BONUS DEPRECIATION TO EXPIRE AND SECTION 179 WRITE-OFF SCHEDULED TO DROP TO \$25,000 AFTER 2012

### 2012 Tax Incentives for Manufacturing Companies

**\$1 and \$101 buyout leases qualify!**

#### \$139,000 Write-off (reduces December 31, 2012)

Section 179 Federal Income Tax Deduction: This deduction allows a company to deduct the first \$139,000 of equipment (Section 179 Property) purchased in 2012 from their taxable income. For companies purchasing (or leasing with a \$1 or \$101 buyout) up to \$560,000 of equipment in 2012, this deduction is available in full. It then phases out on a dollar for dollar basis for amounts over \$560,000.

#### 50% Bonus Depreciation (expires December 31, 2012)

Additionally, companies can take 50% bonus depreciation on the adjusted basis of their qualified equipment purchased in 2012. Equipment must be purchased and placed into service on or before December 31, 2012. *\$1 and \$101 buyout leases qualify!*

**Companies may be eligible for standard depreciation, plus state or local tax incentives.**

#### Taxes go up in 2013!

On December 17, 2010 "The Tax Relief, Unemployment Insurance Reauthorization and Job Creation Act of 2010" (H.R. 4853) was signed into law, temporarily increasing the Section 179 deduction limits for 2011 and 2012. These increases are set to expire in 2012 unless new legislation is signed into law. The Section 179 write-off will drop to \$25,000 (indexed for inflation) and bonus depreciation will expire. Equipment must be "in-place and in-service" by December 31, 2012 to tax advantage of current incentives.

**Now is the time to invest in new equipment!**

#### Example: \$350,000.00 Equipment Price

	<b>2012 write-off based on equipment price of:</b>	<b>\$350,000.00</b>
	<b>Federal Section 179 Deduction</b>	<b>-\$139,000.00</b>
	<b>50% Bonus Depreciation</b> The new law extends through December 31, 2012	<b>-\$105,500.00</b>
	<b>Standard Depreciation</b> (14.29% the first 3 quarters) On the adjusted basis of equipment	<b>-\$15,075.95</b>
	<b>Estimated Write-Off for 2012</b>	<b>\$259,575.95</b>

**Depending on your tax bracket, these savings could exceed the first year's lease payments.**

Tax laws are subject to change at any time and their application is highly dependent upon the unique facts and circumstances of any particular taxpayer. The information on this page is offered as general guidance and is not intended as specific legal, tax or accounting advice. These calculations are only estimates and everyone's tax situation is different.

**Companies should always talk to their accountant to confirm eligibility for tax benefits.**

Calculate your own tax write-off immediately with our online tax calculator. Go to [www.intechfunding.com](http://www.intechfunding.com) and click on **TAX INCENTIVES**. Just enter your equipment price to calculate your estimated write-off.
